

Gender Identity

Enrollment Services

Lawrence Technological University (LTU) is required to record the legal sex of a student. This information is obtained at the time the student applies to LTU, and **is used for reporting purposes only**. LTU also recognizes and appreciates that a student may identify themselves by a different gender that should be used whenever possible in the course of university business and education.

A student can record their Gender Designation within our Student Information System (SIS) to reflect the gender identity that best fits the student. At this time, there are five possible gender identities to select on SIS. The five gender identities are:

1. Female – relates to legal sex
2. Male – relates to legal sex
3. Transgender female – legal sex assigned at birth was male, gender identity is female
4. Transgender male – legal sex assigned at birth was female, gender identity is male
5. Non-binary – An umbrella term for gender identifications other than “female” or “male” including genders with aspects of both or neither

***Our Banner system is not able to supply additional options outside of those listed above.*

If a student does not select a Gender Designation, their gender will reflect their legal sex.

Student Number: _____ Legal Name: _____

Select one of the options listed below:

- Female
- Male
- Transgender female
- Transgender male
- Non-binary
