

Over Occupancy Policy & Contract

Policy

Over occupancy living agreements are permitted in University Housing at Lawrence Technological University for students living in Donley Hall only. All students must agree and mutually request the same roommates and turn in this contract form and recognize that it is his/her choice to live in an over occupied room. All students also recognize that if the over occupancy leads to roommate disagreements, the Office of University Housing may have to decide if one or more or all residents must be relocated if the disagreement cannot be resolved. Rates for over occupied rooms can be found on the housing website.

By signing below, I agree to all terms of the Over Occupancy Policy & Contract within University Housing at Lawrence Technological University.
